Dear Sir:

This reply is submitted in response to the Office Action dated November 21, 2005, which sets a three month shortened statutory period for response that expires on February 21, 2006. A formal Petition to extend the shortened statutory period to April 21, 2006, or as necessary to avoid abandonment of the application, is appended, but the Office may consider this statement to be a substitute petition and authorization to charge Deposit Account No. 50-1038 in the event that the formal petition is missing or defective. Amendments to the claims are reflected in the listing of claims that begins on the next page. Amendments to the drawings begin on the page following the listing of claims, with four replacement sheets showing the changes attached in an appendix. The Appendix containing the replacement drawing sheets is attached to this Amendment following the remarks. Remarks begin on page 7. This reply contains no amendments to the specification. Further examination and reconsideration respectfully are requested in view of the following amendments and remarks.
